

Malondialdehyde antibody

Alternate names:	IL21
Catalog No.:	15-288-21034
Quantity:	0.1 mg
Background:	Is specific for malondialdehyde. Malondialdehyde (MDA) is a natural product formed in all mammalian cells as a product of lipid peroxidation.
Host / Isotype:	Chicken
Immunogen:	Malondialdehyde.
Format:	Purification: Whole antiserum Buffer System: Preservative: 0.09% Sodium Azide; Constituents: Serum
Applications:	ELISA Other applications not tested. Optimal dilutions are dependent on conditions and should be determined by the user.
Specificity:	Cross-reacts with all Mammals. Not yet tested in other species.
Storage:	Keep as concentrated solution. Store at 4

For research and in vitro use only. Not for diagnostic or therapeutic work.

Material Safety Datasheets are available at www.acris-antibodies.com or on request.
