Polyclonal Antibody to L-Aspartate - Serum

Catalog No.:	AP05361SU-N
Quantity:	0.1 ml
Host / Isotype:	Rabbit / IgG
Immunogen:	L-aspartic acid-glutaraldehyde-BSA conjugate.
Format:	State: Lyophilised serum Reconstitution: 50 µl distilled water + 50 µl glycerol
Applications:	ELISA: 1/5000 - 1/10,000. Other applications not tested. Optimal dilutions are dependent on conditions and should be determined by the user.
Specificity:	This antibody recognises L-aspartate, a non-essential amino acid. This antibody has been adsorbed against BSA but only recognises conjugated L-aspartate, not free L-aspartate.
Storage:	Prior to reconstitution store at 2-8°C. Following reconstitution store the antibody at -20°C. Avoid repeated freezing and thawing. Shelf life: one year from despatch.
