

Product Name: Anti-At Med7
Product Number: AS07 216

**Product Information** 

Antibody Clonality: Polyclonal

Raised In: Rabbit

**Purity:** Affinity purified IgG

**Quantity:** 100 μg

Antibody Form: Lyophilized from

PBS pH 7.4 solution

Please, add 100  $\mu$ l of sterile water for reconstitution of antibodies.

**Storage Instructions:** 4°C temporary storage; -20°C or lower for a long term

storage.

Please, avoid freezing and thawing of antibodies. Make aliquots instead.

Please, remember to spin tubes briefly prior to opening them to avoid any losses that might occur from liquid or lyophilised material adhering to the cap or sides of the tubes.

## **Background**

The multiprotein Mediator (Med) complex is an evolutionarily conserved transcriptional regulator playing an important role in activation and repression of RNA polymerase II transcription (also known as Pol II or Pol B).

**Immunogen:** Full length recombinant AtMed7 (At5g03220).

Related product: Anti-Med6 AS07 215

## **Application Information:**

Western Blot: 1: 1 000 with ECL (GE Healthcare)

MW: approx. 20 kDa

Antibodies are for research purpose only. Not for therapeutic or diagnostic use.
