

Product: Anti-Toc 34 (*Pisum sativum*)

Product no: AS07 237

Product Information

Antibody clonality: Polyclonal

Raised in: Hen

Purity: Total IgY purified by ammonium sulphate precipitation.

Quantity: 50 µl

Antibody form: Lyophilized. For reconstitution please add 50 µl of sterile water. Please, remember to spin tubes briefly prior to opening them to avoid any losses that might occur from liquid or lyophilized material adhering to the cap or sides of the tubes.

Storage instructions: -20°C or -80°C long Term storage (years). Please, avoid freezing and thawing of antibodies. Make aliquots instead.

Background

Toc34 (translocon at the outer envelope membrane of chloroplasts) is located in the outer chloroplast membrane and functions as GTP dependent receptor for protein translocation inside the chloroplast.

Immunogen: Recombinant protein from a gel piece.

Application information:

Western Blot: 1: 100 000 (with Alkaline Phosphatase system)

MW: 34 kDa

Antibodies are intended for the research use only not for diagnostic or therapeutic use.
