

Monoclonal Antibody to Human Luteinizing Hormone Releasing Hormone (LHRH)

Alternate names:	Gonadotropin Releasing Hormone, LH-RH, LHRH, Luteinizing Hormone-Releasing Hormone
Catalog No.:	BM581
Quantity:	0.1 ml
Host / Isotype:	Mouse / IgG
Clone:	2F9/0
Immunogen:	Synthetic peptide corresponding to part of the native molecule conjugated to KLH

Format: This antibody is supplied as liquid, diluted supernatant in PBS, pH 7.2, with 1% BSA as stabilizer and 0,09% sodium azide as preservative.

Applications:	Immunohistochemistry on frozen and Paraffin-embedded tissues (1/5 - 1/20 as a guide only). It has been reported that this antibody may be used at higher titres on acetone fixed sections. Suggested fixation: 4% paraformaldehyde. Immunofluorescence: 1/50 - 1/200. Other applications not tested. Optimal dilutions of this antibody are dependent on conditions and should be determined by the user. Other applications not tested. Optimal dilutions are dependent on conditions and should be determined by the user.
----------------------	---

Specificity: This antibody reacts with human and rat LHRH.

Storage: Store product in aliquots at -20°C. Avoid repeated freezing and thawing. Shelf live: on
