

Polyclonal Antibody to GST □

Catalog No.:	BP146
Quantity:	0.25 ml
Concentration:	n.d.
Host:	Rabbit
Immunogen:	Purified protein, from the cytosol of a human chronic lymphoblastic leukaemic spleen
Applications:	Immunohistochemistry on frozen and paraffin embedded tissues (1:25 -1:100 ABC method with overnight incubation at 4°C). Western blot (1:100 - 1:500: Previous batches have detected a single band at 24 kD when tested under reducing conditions with rat kidney. The current batch has not been evaluated in this technique). Other applications not tested. Optimal dilutions of this antibody are dependent on conditions and should be determined by the user. Other applications not tested. Optimal dilutions are dependent on conditions and should be determined by the user.
Specificity:	Normal bile ducts and normal breast ducts and lobules show intense staining. Use Liver as positive control. Staining opattern is cytoplasmic and nuclear.
Storage:	Store the antibody at -20°C. Avoid repeated freezing and thawing. Shelf life: one year from despatch.
General Readings:	Hayes, PC et al (1986) Gut, 30, 854-859 Harrison, DJ et al (1989) J. Clin. Pathol. 42, 624-628 László Módis jr et al. Hungarian Eotvos Scholarship Board (59.176/1996). BP146/PB0604
