Monoclonal Antibody to Rabbit IgM

| | |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog No.: | SM2203 |
| Quantity: | 2 ml |
| Concentration: | 17.6 mg/ml |
| Host / Isotype: | Mouse / IgG1 |
| Clone: | NRBM |
| Applications: | Flow Cytometry and Immunohistochemistry on frozen sections. Other applications not tested. Optimal dilutions of this antibody are dependent on conditions and should be determined by the user. Other applications not tested. Optimal dilutions are dependent on conditions and should be determined by the user. |
| Specificity: | SM2203 specifically recognises the m chain of rabbit Ig. By flow cytometric analysis NRBM has been shown to label B cells. |
| Storage: | Store the antibody undiluted at 4-8°C for one month or at -20°C for longer. Avoid repeated freezing and thawing. Should this product contain a precipitate we recommend microcentrifugation before use. Shelf life: one year from despatch. |
| General Readings: | 1. Idogawa H, Imamura A, Onda M, Umemura T, Ohashi M. Progression of articular destruction and the production of tumour necrosis factor-alpha in antigen-induced arthritis in rabbits. Scand J Immunol. 1997 Dec;46(6):572-80. PubMed PMID: 9420620. |
